PREPARING STUDENTS  
**FOR LIFE**

## Preparing Students for Life

Your child will receive an incomparable education that will help them go far at **Roselawn Condon School**.

For the 2021-22 school year, we will be back and stronger than ever with in-person learning five days a week and established safety protocols. Here, your child can:

- Enjoy C.A.M.P. all year long (that's computer lessons, the arts, music and physical education). We elevate these disciplines to the same level as academic fundamentals like math and science. Through our Arts & Sciences program, we also have a weekly S.T.E.A.M. Day with an array of hands-on laboratories and activities.
- Get a head start on their secondary education through our high school preparatory program.
- Learn 21st-century skills from dedicated teachers who meet them where they are and tailor programs to help them succeed.
- Shine in front of — and behind — the camera in our expanded photography lab.
- Become a future alumnus of a school steeped in history and academic success. Our Condon program, for instance, is 100 years old.

Roselawn Condon School is open to all students in grades Preschool-8 in our surrounding area. Our college preparatory program for grades 4-8 may also be available to additional students through the magnet lottery.\*
